DO No. S-13011/1/2015-SBM  
Date: 23<sup>rd</sup> June, 2015

To,

Pr. Secretaries of all States Incharge of Drinking Water & Rural Sanitation

Subject : Video clippings / documentation of best practices in the field of rural drinking water & sanitation in the States

Sir / Madam,

As you are aware that this Ministry has been mandated to make India Open Defecation Free by 2019 and provide potable drinking water to all by 2017. Therefore, lots of activities as well as some very good works are being undertaken by States in rural water supply and sanitation sector. It has been a long felt need to document all these best practices and make small movie clippings so that they may be shared in a wider space with all the stakeholders in this sector.

In a recent meeting taken by Hon'ble Prime Minister on rural sanitation and rural water supply, he has also directed this Ministry to provide him audio / video documentation / written stories on best practices and good work being undertaken in this sector.

In order to get all forms of documentation and best practices from the States, a link for uploading has been provided in the website of this Ministry. The link is <http://indiawater.gov.in/misc/uploadBestPractice.aspx>. Therefore, you are requested to upload the best practices / audio / video documentation of the best practices along with some good quality still photographs to this Ministry at the earliest.

With regards,

Yours sincerely,

(SANDHYA SINGH)
