Subject: Support of deputing person for implementation of e-procurement in the States.

Sir/Madam,

The Ministry of Drinking Water and Sanitation has provided the manpower support for the purpose of e-procurement in the concerned States for long. During various interactions and video conferencing, it has been appraised to the states to take full benefit of this support provided by the Ministry for implementing e-procurement and training to their personnel to quickly get acquainted with the e-procurement procedures. This Ministry now feels that with this training provided for adequate period, there is no need to continue it further. As such, the Ministry has decided to discontinue the support of deputing persons w.e.f. 01.08.2015.

2. However, if State still needs the support, they may engage manpower by utilizing the Support component of NRDWP fund or Project Management Support component of RWSSP-LIS fund.
