Dear Sir/Maám,

As you may be aware, MyGov (mygov.in) was launched as the citizen engagement platform of the Government of India on 26th July 2014 by Prime Minister Shri Narendra Modi. Adding to MyGov's feature-set, the #TransformingIndia micro-site (<https://transformingindia.mygov.in>) has been launched on 10th March 2016 to highlight and disseminate the progress in various governance initiatives to the citizens. This is in consonance with the Government's objective to collate governance achievements and present them to citizens with a common hashtag for ease of search (#TransformingIndia)

2. In this regard, MyGov organized a half day workshop in April 2016 to deepen the engagement with the social media teams in various ministries.

3. MyGov is organizing a follow-up half-day workshop on 16th May, 2016 in India Habitat Centre (Juniper Hall) from 10:00 AM. The workshop will comprise information sessions about the comprehensively revamped #TransformingIndia site, being launched by MyGov for collating the progress reports on the second anniversary of the government, and coordination modalities on social media between the Minister's social media profile and MyGov. The detailed agenda is attached.

4. You are requested to kindly seek your Minister's approval for nominating the nodal officer managing the Minister's social media profiles to attend the workshop. The list of nodal officers appointed by the Ministers, as available with MyGov, is attached. In case your Minister has not appointed a nodal officer you may request him to nominate a nodal officer for coordination with MyGov. The nominated officials are requested to confirm their presence to Shri Akhilesh Mishra, (Director, MyGov email - akhilesh.mishra@mygov.in) at 011 24364706 / +91 9953333789.

With regards,

Yours sincerely,
