D.O. W-11037/1/2017-Water-II
Dated: 8th March, 2017

Dear *Madam / Sir,*

During the Annual Action Plan discussions relating to NRDWP of various States it has been observed that due to tight monitoring at the Central level and very good efforts of the States, more than 20,000 piped water supply schemes / other water conservation schemes / community water purification plants have been completed/ installed in different parts of the country during 2016-17.

2. Hence, while coming to attend the National Workshop on "Water for All" being organized by this Ministry on 22nd March, 2017 at Vigyan Bhawan, New Delhi, you are requested to prepare a booklet of about 20 - 25 pages with pictorial representations of various on-going schemes, water harvesting structures, WQ labs, installation of community water purifiers etc. with brief description of each scheme. You may bring **100 copies** of the same for distribution amongst Ministers / Secretaries of other States. The expenditure towards this can be met from the NRDWP (Support) funds available with the State Government. The material should reach Mr. Sumit Priyadarshi, Assistant Adviser, MoDWS by 20th March positively. The heading of the booklet could be: "Initiatives by the State for completion of on-going schemes under NRDWP."

With *Regards,*

Yours sincerely,
Sahu
