

No.W-11042/55/2011-Water-II  
Government of India  
Ministry of Drinking Water and Sanitation

4<sup>th</sup> Floor, Paryavaran Bhawan  
CGO Complex, Lodhi Road, New Delhi-110003  
Dated the 30<sup>th</sup> September, 2015

**OFFICE MEMORANDUM**

**Subject: Adherence of design procedures as stated in "Manual on Water Supply and Treatment" (Third edition- revised and updated-1999) published by CPHEEO, Ministry of Urban Development- designing distribution pipe network and selection of pipe material- reg.**

Ref: This office letter No.W-11042/55/2011-Water II dated 5/8/2014

It has been observed by this Ministry that many government departments/ organizations do not follow the design procedures provided in the current CPHEEO Manual on Water Supply & Treatment (third edition revised & updated 1999) with elaborate network designing details of various pipes and selection of pipe materials in chapter 6 while designing rural water supply schemes.

It is therefore reiterated that all the departments/ organizations implementing rural water supply schemes should ensure adherence and implementation of the recommendations of the aforesaid CPHEEO manual in designing transmission and distribution pipe networks(6.2, 6.3 and table 6.4) for water and selection of corresponding pipe materials as detailed therein.
