2nd November 2011

*Dear Shri Kunnar -*

You are aware that the quality of drinking water consumed by the citizens of our country has a direct bearing on their health and metabolisms. Providing safe drinking water is one of the prime concerns of the Government. Various natural contaminants like arsenic and fluoride, bacteriological contamination due to unsanitary conditions and new contaminants like insecticides/pesticides, uranium, heavy metals are compounding the problems of providing safe drinking water to the rural people of our country.

In order to bring together national and state policy makers, implementers, scientists, engineers and industry representatives for sharing the latest advances and products available for tackling water quality contaminants, a National Workshop-cum-Exhibition on Drinking Water Quality is being organized on November 15-16<sup>th</sup>, 2011 at the Stein Auditorium, India Habitat Centre, New Delhi.

I extend my cordial invitation to you to attend this National Workshop-cum-Exhibition on 15<sup>th</sup> November, 2011. This event will surely go a long way in achieving the objective of providing safe drinking water to the rural people in your State.

A formal invitation will be sent separately.

With regards,

Yours sincerely,

*Jairam Ramesh*

Various natural contaminants like arsenic and fluoride, bacteriological contamination due to unsanitary conditions and new contaminants like insecticides/pesticides, uranium, heavy metals are compounding the problems of providing safe drinking water to the rural people of our country.

In order to bring together national and state policy makers, implementers, scientists, engineers and industry representatives for sharing the latest advances and products available for tackling water quality contaminants, a National Workshop-cum-Exhibition on Drinking Water Quality is being organized on November 15-16<sup>th</sup>, 2011 at the Stein Auditorium, India Habitat Centre, New Delhi.

I extend my cordial invitation to you to attend this National Workshop-cum-Exhibition on 15<sup>th</sup> November, 2011. This event will surely go a long way in achieving the objective of providing safe drinking water to the rural people in your State.

A formal invitation will be sent separately.

With regards,

Yours sincerely,
