To
The Addl. CS / Principal Secretaries / Secretaries
In-charge Rural Water Supply
All States / UTs

**Subject: Release of Sustainability (Functionality) Component under
NRDWP: 3rd Party evaluation of functionality status of schemes**

Madam / Sir,

As you are aware that 25% of NRDWP Coverage allocation will be Sustainability (Functionality) Component release of which would be based on the third party evaluation of for functionality status of the completed Piped Water Supply (PWS) schemes in the states.

2. It is informed here that around March, 2018, third party is likely to visit all the States / UTs to evaluate the functionality status of completed PWS schemes.

3. As such, States / UTs are hereby requested to correct / update the data relating to completed PWS schemes in the IMIS without further waiting for correction of the same at Yearly Data Updation (YDU) stage.

While doing so, if a scheme is shown as a PWS in IMIS but actually not a PWS scheme, the corrections must be made. This must be ensured by February, 2018.

State should also update functionality status regularly (monthly) in IMIS so as to reflect the correct status in IMIS which is in public domain. The same is necessary for correct evaluation during third party visit.

Yours sincerely,

(Rajesh Kumar)
Director (Water)
