

W-11042/10/2010-W-II
Government of India
Ministry of Drinking Water & Sanitation

9th Floor Paryavaran Bhawan
CGO Complex,
New Delhi- 110003.
Date : 22.07.2014

To,

The Principal Secretary/ Secretaries in-charge of
Rural Drinking Water and Sanitation
(Uttar Pradesh, Madhya Pradesh, Haryana, Maharashtra, Punjab, Karnataka, Andhra
Pradesh, Tamil Nadu, Telengana, Gujarat & Rajasthan).

Sub: Video conference of National Rural Drinking Water Security Pilot Project- Reg.

The Ministry of Drinking Water and Sanitation is implementing National Rural
Drinking Water Security Pilot project in 15 over exploited blocks in 11 States.

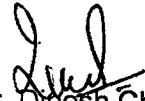

The progress of implementation of the Pilot project in 11 states was last reviewed in
the review meeting held at Bangalore by the Joint Secretary, MDWS from 7-8th Nov.2013.
The State Nodal officers, Executive Engineers incharge of the Pilot Project and Team
Leaders of Support organization attended the above review meeting.

Since the progress of Implementation of Project activities was slow in general, it has
been decided to hold a review through Video Conference on 30.07.2014 as per the
following schedule.

Name of States	Date of Time	Venue of VC
U.P, A.P, M.P, Haryana, Punjab, Rajasthan, Maharashtra, Gujarat, Karnataka, Telengana, T.N.	30.07.2014 2.30 PM – 5.30 PM	VC Studio at Respective State NIC Office.

The VC will be chaired by Shri Satyabrata Sahu, Joint Secretary (Water), MDWS,
You are requested to attended the VC long with the State Nodal Officers, concerned
Executive Engineer and the Team Leader of the support organization. The progress
report compiled based on the progress received from pilot blocks is enclosed. This
progress report may be updated as on 25.07.2014 and sent to MDWS by email to
soumyasrivastava@gmail.com and shanmugasundaram.ag@mail.com as this will be
basis for the review.

Yours faithfully,

(Dr. Dinesh Chand)
Addl. Adviser (PHE)

Encl : As above

Copy to the following for information and participation.

1. PS to joint Secretary (Water)
2. Director (W)
3. Area Officers/ Consultant (PHE)/WSP-Consultants
4. State Nodal Officers of all Pilot Blocks.
- ✓ 5. Tech. Director (NIC) for hosting in web site.

Agenda for VC

1. WWSC formation, sensitization
2. Exposure visits of Water Budgeting, improved services
3. Water Budget training with WSP support including cluster level/block level/
training & action taking on the basis of individual exercise.
4. Installation of rain gauges, water level indicators.
5. Sanitation works undertaken in GP, Swatchatha Doot Trained, villages, villages
achieved ODF.
6. Water sample testing, mapping of water infrastructures.
7. Conducting of District / Block core group meetings.
8. Release of Funds to S.O./ Fund expenditure.
9. Preparation of village Water Security Plan for 1 GP.
10. Any other issue.

NRDWSPP Status Report as on 30-10-2013

State	Tamilnadu	To be reviewed
District	Dharmapuri	
Name of the Pilot Block	Morappur	
A Block level data		
1 Number of GPs in the Block	43	
2 Number of villages in the Block	412	
3 Have the hydrological units been identified?	Y	
4 How many Hygrological Units are there in the Block?	6	
5 Number of GPs in the first Hydrological Unit selected for implementation	5	
6 Number of villages in the first Hydrological Unit selected for implementation	40	
7 Name of GPs chosen for first phase implementation	1. Osahalli 2. Santhapatti 3. Thoppampatti 4. Maniambadi 5. Nallagudlahalli	
8 Number of villages in the GPs chosen for first phase implementation	280	
B Baseline Survey		
9 Number of GPs where the baseline data collection is completed (till date)	43	
C Capacity Building		
10 Have you trained all your SO team members on different aspects of the project?	Y	
11 Number of exposure visits for water budget training (till date)	3	
12 Number of exposure visits for Improved Service delivery of water supply systems	3	
D Village Level Water Budgeting		
13 Number of villages where water budgetting training has been completed (Till date)	43	
14 Number of villages where Rain Gauges have been installed (Till date)	4	Only 4 rain gauages out of 429 villages.
15 Number of villages where procurement of water level recorders have been completed (Till date)	0	No water level recorders proccurred in any of the villages.
16 Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	43	
17 Describe the measures that have been initiated as a result of water budget estimation?		

	<p>1. Farmer adopt water saving device in 200 hectare. 2. Crop diversificatio from more consuming water to less consuming water - 150 hectare. 3. 40 HH have constructed IHHL on their own. 4. Improvement to Distribution sytem done in 4 habitation and the result is tail end user also get sufficient quantity of water & equitable distribution is maintained. 5. Mallasamudram habitation people cleaned Women & Children Sanitary Complex and is being used regularly. 6. CCMG is recording daily rainfall in 4 Manual Raingauge Station & promptly reporting to CEC,P.O, Morappur. 7.User group formed in school for sustainable use of Sanitation.</p>		
E Sanitation			
18	No. of NGP GPs in the Pilot Block	10	
19	Have you undertaken any sanitation work in the GPs (NBA)	13	
20	If yes, give details	School awareness program, Cultural program, Motivating IHH, Application collection -1100 no, Arrangement for Administrative sanction from the PD, DRDA, DPI - 750 no, Arrangement for Work order from the BDO/MPR - 340 no, Guidance in construction of IHHL & Sensitising to use IHHL.	
21	No. of Motivators (Swatchatha Doot) trained	NO	
22	Number of triggering events done at village level (Till date)	43	No trigerring events reported
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	10	
F VWSCs			
24	Number of villages where VWSC has been established (Till date)	43	
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	43	
26	Number of VWSC members trained in water budget estimation (Till date)	500	Furnish the number
G Water Quality Monitoring			
27	Has a system been established for the collection of data for water quality monitoring?	Y	Whetether system established or not. If yes, whether FTK is used
28	Number of samples taken and tested (till date)	1200 no	
29	Number of villages where samples were taken (Till date)	1200 no	
H Mapping			
30	Has the SO attended HGM mapping training?	Y	
31	Has a GPS been purchased/contracted for mapping?	N	
32	Number of villages where water infrastructure has been mapped (till date)	43	
I Institution Building			
33	Number of monthly review meetings held at the project level (till date)	21	

34	Date of the last monthly review meeting held	10.03.14	
35	Number of participants in the last Monthly Review Meeting	11	
36	Number of meetings held jointly by the Department and SO so far in the Project	42	
37	Number of meetings of the District Core group in the past reporting period	3	
38	Number of meetings of the Block Level Core group in the past reporting period	3	
39	Number of meetings held with GP leaders in the past reporting period	43	
J Village Water Security Plan (VWSP) Preparation			
40	Has the sample VWSP submitted to the Ministry?	Y	
41	For how many Villages/GP the VWSP has been prepared?	26	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	Y	No. Not prepared in the model template
43	Whether the VWSP has been approved by the Ministry?	N	
44	What is the timeline for implementation of the measures suggested in the VWSP?	24 months	
K Financial Performance			
45	Expenditure till date on project implementation from sustainability funds of NRDWP	80.00 Lakhs	No sustainability expenditure???
46	Amount Paid to SO till date as their fee against Contract value	44.50 Lakhs	28.2 Lakhs against 50.4 lakhs
L Others			
47	Describe the main problems faced in the work of Pilot Project in your Block		
	<p>1. Less involvement of Line department. 2.</p> <p>39 no additional raingauge is to installed for measuring rainfall. 3. 43</p> <p>no water level indicator for measuring water level in Bore well/ Open well. 4. VWSC</p> <p>traning for 35 G.P is pending for want of funds. 5. Convergent</p> <p>meeting for 32 G.P is pending for want of funds. 6. In 17 G.P - 2 days</p> <p>(3 days)Water Budget Exercise program was conducted for want of fund. 7. Wall painting was</p> <p>done in 5 G.P only as on date. Balance 38 G.P is not done for want of fund. 8.Revenue map for all</p> <p>G.P is yet to be supplied by Twad board. 9. Regular Block level</p> <p>meeting is to be arranged by TWAD Board to disseminate the findings of S.O on NRDWPSP.</p> <p>10.Regular District level meeting is to be arranged by TWAD Board to disseminate the findings of S.O on NRDWPSP.</p> <p>11. S.O on its own meeting Diector, DRDA, Ccennai, PD, DRDA, Dharmapuri & AD(Panchayat), Dharmapuri for Sanitation & Water supply. TWAD Board</p> <p>participation is required for more result. 12. Delay in</p> <p>implementation of the Nationl Rural Drinking Water Security Pilot Project (As per TOR - one year from commencement) lead to non involvement of Facilitator,</p> <p>Line department & Community.</p>		

NRDWSP Status Report as on 30-10-2013

State	Rajasthan	To be reviewed
District	Bhilwara	
Name of the Pilot Block	Raipur	
A Block level data		
1 Number of GPs in the Block	22	
2 Number of villages in the Block	92	
3 Have the hydrological units been identified?	Y	
4 How many Hydrological Units are there in the Block?	3	
5 Number of GPs in the first Hydrological Unit selected for implementation	8	
6 Number of villages in the first Hydrological Unit selected for implementation	30	
7 Name of GPs chosen for first phase implementation	Naryan Khera,Nandsa,Palara, Mokhunda,Khemana,D evriya,Jhadol,Galwa	
8 Number of villages in the GPs chosen for first phase implementation	30	
B Baseline Survey		
9 Number of GPs where the baseline data collection is completed (till date)	92 (All)	
C Capacity Building		
10 Have you trained all your SO team members on different aspects of the project?	Y(11 Members,at WSSO & Bangalore)	
11 Number of exposure visits for water budget training (till date)	1 (Madanpalle A.P.)	Whether VWSC members of all went for exposure
12 Number of exposure visits for Improved Service delivery of water supply systems	1 (Madanpalle, A.P.)	
D Village Level Water Budgeting		
13 Number of villages where water budgeting training has been completed (Till date)	22 G.P.s (92 Villages All)	
14 Number of villages where Rain Gauges have been installed (Till date)	6 G.P.(Boriyapura,Ash aholi,Naryankhera,N ahari,Nathdiyas,Segr ev, Remaining 16 are in Process)	Only 1 GP Covered out of 22 GPs

15	Number of villages where procurement of water level recorders have been completed (Till date)	IN Process	Only 1 out of 92 villages
16	Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	31 Villages(8 G.P.)	
17	Describe the measures that have been initiated as a result of water budget estimation?		
E Sanitation			
18	No. of NGP GPs in the Pilot Block	31 Villages (8 G.P.) Water Security Plan have been prepared with participatory support of local community, VWSC & Water Budget Committee members.	
19	Have you undertaken any sanitation work in the GPs (NBA)		
20	If yes, give details	2 (Devriya & Nathdyas)	
21	No. of Motivators (Swatchatha Doot) trained	yes	
22	Number of triggering events done at village level (Till date)	details	
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	number	No villages are made ODF
F VWSCs		Vedio Show :92 Puppet Show:100 Youth Rally : 164	
24	Number of villages where VWSC has been established (Till date)	92 Village(22 G.P.) All	
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	80	
26	Number of VWSC members trained in water budget estimation (Till date)	24	

G. Water Quality Monitoring			
27	Has a system been established for the collection of data for water quality monitoring?	Y	Whether FTK used?
28	Number of samples taken and tested (till date)	Samples Taken : 856, Tested : 357	
29	Number of villages where samples were taken (Till date)	92 (All)	
H Mapping			
30	Has the SO attended HGM mapping training?	Y	
31	Has a GPS been purchased/contracted for mapping?	N	Why GPS not purchased?
32	Number of villages where water infrastructure has been mapped (till date)	92	
I Institution Building			
33	Number of monthly review meetings held at the project level (till date)	24 (District = 18 State = 6)	
34	Date of the last monthly review meeting held	District : 5.Apr.2014 State : 13.Mar.2014	
35	Number of participants in the last Monthly Review Meeting	7	
36	Number of meetings held jointly by the Department and SO so far in the Project	24 (District = 18 State = 6)	
37	Number of meetings of the District Core group in the past reporting period	1	Only one district core group meeting
38	Number of meetings of the Block Level Core group in the past reporting period	2	Only 2 block level core group meet
39	Number of meetings held with GP leaders in the past reporting period	85	
J Village Water Security Plan (VWSP) Preparation			
40	Has the sample VWSP submitted to the Ministry?	1 G.P.(Naryan Khera)	
41	For how many Villages/GP the VWSP has been prepared?	31 Village(8 G.P.)	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	1	
43	Whether the VWSP has been approved by the Ministry?	1 G.P.(Naryan Khera)	
44	What is the timeline for implementation of the measures suggested in the VWSP?	2 Years	
K Financial Performance			
45	Expenditure till date on project implementation from sustainability funds of NRDWP	17.54 Lakh	
46	Amount Paid to SO till date as their fee against Contract value	5,28,058.00	5.28 Lakhs against 42.24 lakhs
L Others			
47	Describe the main problems faced in the work of Pilot Project in your Block		

Absence of protocol/model village water Security plan

37	Number of meetings of the District Core group in the past reporting period	7	
38	Number of meetings of the Block Level Core group in the past reporting period	1	Only 1 meeting done. Why?
39	Number of meetings held with GP leaders in the past reporting period	66	
J Village Water Security Plan (VWSP) Preparation			
40	Has the sample VWSP submitted to the Ministry?	1	
41	For how many Villages/GP the VWSP has been prepared?	18	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	1	

43	Whether the VWSP has been approved by the Ministry?	0	The VWSP
44	What is the timeline for implementation of the measures suggested in the VWSP?	1 Year	
K Financial Performance			
45	Expenditure till date on project implementation from sustainability funds of NRDWP		
46	Amount Paid to SO till date as their fee against Contract value	2186800/-	37.5 lakhs out of 62.98 for Warud and 37.5 lakh against 62.4 for Morshi block
L Others			
47	Describe the main problems faced in the work of Pilot Project in your Block		
I) Co-operation required from gramsevak and panchayat samiti level officials is not satisfactory. II) The target of making either block ODF in one year is not feasible, especially due to the indifferent attitude of gram sevak and obsession with government resolution. III) The area being famous for orange cultivation, people are not ready to switch over to any other crop.

17	Describe the measures that have been initiated as a result of water budget estimation?			
	Ratlam- 1. VWSC started regular meeting to discuss drining water related issue. 2. Monitoring of quality of water supply system by the VWSC. 3. Artificial Rechargeng site selected by the villagers/VWSC for the source sustainability. 4. Giving active participation in the preparation of water security plan and its implemantation. 5. Villagers started consevation and protection of water . 6. Villagers Stated practices of utilitasion and management of irrigation water for the efficient use in agricultute.It is reducing drinking water crisis. 7.VWSC stated monitoring of village water supply system.			
E Sanitation				
18	No. of NGP GPs in the Pilot Block	7	97	
19	Have you undertaken any sanitation work in the GPs (NBA)	Yes	Trigging event at each panchyat (47)	
20	If yes, give details	All GP have been linked with the NBA and regular facilitation to community is being done.	Campaign -meeting for ODF through various activities like : circular mentioning fine -motivational camp -rally etc. -with 104 (by SO)	
21	No. of Motivators (Swatchatha Doot) trained	316	No govt training is done yet and govt training is prposed	

22	Number of triggering events done at village level (Till date)	209	104	What is this 104 events. Is it the number of Motivators trained? Then it cant be considered as events.
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	3	02 (gudhuru)and nemua	
F VWSCs				
24	Number of villages where VWSC has been established (Till date)	88	104	
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	848	208	
26	Number of VWSC members trained in water budget estimation (Till date)	1626	1175	
G Water Quality Monitoring				
27	Has a system been established for the collection of data for water quality monitoring?	Yes	YES	Whether FTK used?
28	Number of samples taken and tested (till date)	1090	1040	
29	Number of villages where samples were taken (Till date)	88 (All Villages)	104	
H Mapping				
30	Has the SO attended HGM mapping training?	Yes	YES	
31	Has a GPS been purchased/contracted for mapping?	Yes	YES	
32	Number of villages where water infrastructure has been mapped (till date)	88 (all villages)	104	
I Institution Building				
33	Number of monthly review meetings held at the project level (till date)	16	10	
34	Date of the last monthly review meeting held	28.3.14	8th - 9th October	
35	Number of participants in the last Monthly Review Meeting	9	25	
36	Number of meetings held jointly by the Department and SO so far in the Project	16	8	
37	Number of meetings of the District Core group in the past reporting period	1	0	Why there is no meetings?
38	Number of meetings of the Block Level Core group in the past reporting period	2	0	Why there is no meetings?

39	Number of meetings held with GP leaders in the past reporting period	392	7	
J Village Water Security Plan (VWSP) Preparation				
40	Has the sample VWSP submitted to the Ministry?	Yes	YES (to state)	
41	For how many Villages/GP the VWSP has been prepared?	25	12	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	Yes	YES	
43	Whether the VWSP has been approved by the Ministry?	Yes	No formal Approval	
44	What is the timeline for implementation of the measures suggested in the VWSP?	2-3 year	1 Year	
K Financial Performance				
45	Expenditure till date on project implementation from sustainability funds of NRDWP	82.27Lakh		
46	Amount Paid to SO till date as their fee against Contract value	48.lakh	1.93 Lac	1.93 Lakhs against 2.85 crore. (This 2.85 crore proposal is more than the permitted amount.)
L Others				
47	Describe the main problems faced in the work of Pilot Project in your Block			
<p>RATNAM: 1. Before launching of pilot project the issue related to drinking water monitoring do not figure in Gram Sabha deliberations. 2.VWSCs are not formally constituted . They are only nominated. 3. The System of water supply in the villages are generally run by the Sarpanch or sachie of Panchayat, instead of the VWSC. 4. Ground water is the only source of drinking water in all the project village. 5. Gram Sabha never addressed the issue of banning tube well digging for irrigation. 6. At the village /GP level no technical facilitation or monitoring done for the use /misuse of ground water for agriculture etc. 7. Gram panchayat do not have sufficient fund for impenenting the WSP through convergence. 8. Most of villagers are reluctant to work under MGNREGS due to delay in payment and low wage rate. 9. Payment delay to SO.</p> <p>SATNA: 1. Communication GAP 2. Orientation of Govt officials 3. Mismatch between TOR and verbal instructions 4. Universal (easy and as per TOR) system for account settlement</p>				

NRDWSPP Status Report as on 30-10-2013

State	Karnataka	To be reviewed
District	Kolar	
Name of the Pilot Block	Mulbagal	
A Block level data		
1 Number of GPs in the Block	30	
2 Number of villages in the Block	389	
3 Have the hydrological units been identified?	Y	
4 How many Hydrological Units are there in the Block?	18	
5 Number of GPs in the first Hydrological Unit selected for implementation	5	
6 Number of villages in the first Hydrological Unit selected for implementation	66	
7 Name of GPs chosen for first phase implementation	5	
8 Number of villages in the GPs chosen for first phase implementation	66	
B Baseline Survey		
9 Number of GPs where the baseline data collection is completed (till date)	30	
C Capacity Building		
10 Have you trained all your SO team members on different aspects of the project?	Y	
11 Number of exposure visits for water budget training (till date)	1	Only one exposure visit. Whether all GPs are covered?
12 Number of exposure visits for Improved Service delivery of water supply systems	1	Only one exposure visit. Whether all GPs are covered?
D Village Level Water Budgeting		
13 Number of villages where water budgeting training has been completed (Till date)	21	
14 Number of villages where Rain Gauges have been installed (Till date)	30	
15 Number of villages where procurement of water level recorders have been completed (Till date)	5	Only 5 out of thirty GPs covered
16 Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	66	
17 Describe the measures that have been initiated as a result of water budget estimation?	The following activities have been initiated: * Rejuvenation of minor irrigation tanks - 134 no.s, * Rejuvenation of Kalyanis - 37 no.s, * Recharge pits - 48 no.s, * Water supply system with taps - 4440 households, * Construction of Over Head Tanks - 79 no.s, * Drip irrigation thru horticulture dept. - 315.95 ha for 294 farmers,* Drip irrigation thru sericulture dept. - 150 ha for 100 farmers, * Check dams construction - 32 no.s,* Farm ponds construction - 114 no.s, * Establishment of measuring equipment on observation wells - 182 no.s,* Nala bunding - 33 no.s	
E Sanitation		

18	No. of NGP GPs in the Pilot Block	2	
19	Have you undertaken any sanitation work in the GPs (NBA)	30	
20	If yes, give details	Y	Details of Sanitation work undertaken is not provided
21	No. of Motivators (Swatchatha Doot) trained	34	
22	Number of triggering events done at village level (Till date)	256	
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	7	Whether 7 is GP or Village. If village only 7 out of 389 villages.
F VWSCs			
24	Number of villages where VWSC has been established (Till date)	313	313 villages out of 389. Time frame for forming other VWSCs
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	540	
26	Number of VWSC members trained in water budget estimation (Till date)	222	
G Water Quality Monitoring			
27	Has a system been established for the collection of data for water quality monitoring?	Y	Whether FTKs used?
28	Number of samples taken and tested (till date)	421	
29	Number of villages where samples were taken (Till date)	335	
H Mapping			
30	Has the SO attended HGM mapping training?	Y	
31	Has a GPS been purchased/contracted for mapping?	Y	
32	Number of villages where water infrastructure has been mapped (till date)	389	
I Institution Building			
33	Number of monthly review meetings held at the project level (till date)	15	
34	Date of the last monthly review meeting held	1.10.2013	
35	Number of participants in the last Monthly Review Meeting	20	
36	Number of meetings held jointly by the Department and SO so far in the Project	15	
37	Number of meetings of the District Core group in the past reporting period	8	
38	Number of meetings of the Block Level Core group in the past reporting period	12	
39	Number of meetings held with GP leaders in the past reporting period	4	
J Village Water Security Plan (VWSP) Preparation			
40	Has the sample VWSP submitted to the Ministry?	1	
41	For how many Villages/GP the VWSP has been prepared?	41365	Details not given

42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	1	Reviewed and remarks communicated. Revised one in the prescribed template is not yet submitted.
43	Whether the VWSP has been approved by the Ministry?	1	
44	What is the timeline for implementation of the measures suggested in the VWSP?	5 months	
K	Financial Performance		
45	Expenditure till date on project implementation from sustainability funds of NRDWP	4712300	
46	Amount Paid to SO till date as their fee against Contract value	1651691	16.51 lakh against 69.37 Lakh
L	Others		
47	Describe the main problems faced in the work of Pilot Project in your Block		

Not provided

NRDWSPP Status Report as on 30-10-2013

State	Haryana	To be reviewed
District	Kaithal	
Name of the Pilot Block	Kaithal	No progress since December 2013.
A Block level data		
1 Number of GPs in the Block	64	
2 Number of villages in the Block	62	
3 Have the hydrological units been identified?	Yes	
4 How many Hydrological Units are there in the Block?	9	
5 Number of GPs in the first Hydrological Unit selected for implementation	7	
6 Number of villages in the first Hydrological Unit selected for implementation	7	
7 Name of GPs chosen for first phase implementation	Jaswanti	
8 Number of villages in the GPs chosen for first phase implementation	1	Only GP is chosen. Why?
B Baseline Survey		
9 Number of GPs where the baseline data collection is completed (till date)	56	56 GPs out of 64 is done. Why?
C Capacity Building		
10 Have you trained all your SO team members on different aspects of the project?	Yes	
11 Number of exposure visits for water budget training (till date)	1	
12 Number of exposure visits for Improved Service delivery of water supply systems	0	Why no exposure visits?
D Village Level Water Budgeting		
13 Number of villages where water budgeting training has been completed (Till date)	56	Poor Progress
14 Number of villages where Rain Gauges have been installed (Till date)	3	Out of 62 villages, only 3 rain gauges installed. Why so low?
15 Number of villages where procurement of water level recorders have been completed (Till date)	1	Why only 1 village has been provided with water level recorder
16 Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	18	
17 Describe the measures that have been initiated as a result of water budget estimation?	Villagers are now more aware about the use & wastage of water. In some of the villages the VWSC has announced a fine of Rs. 100 whose water tap found missing.	
E Sanitation		
18 No. of NGP GPs in the Pilot Block	1	
19 Have you undertaken any sanitation work in the GPs (NBA)	No	Why?
20 If yes, give details	-	
21 No. of Motivators (Swachatha Doot) trained	No	Why?

22	Number of triggering events done at village level (Till date)	No	Why No action taken
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	0	Why nil progress
F VWSCs			
24	Number of villages where VWSC has been established (Till date)	62	
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	64	
26	Number of VWSC members trained in water budget estimation (Till date)	280	
G Water Quality Monitoring			
27	Has a system been established for the collection of data for water quality monitoring?	Yes	Whether FTK
28	Number of samples taken and tested (till date)	120	
29	Number of villages where samples were taken (Till date)	20	Out of 62 villages, no of samples taken from only 20 villages. Why
H Mapping			
30	Has the SO attended HGM mapping training?	No	Why didn't SO attend the HGM Map training and also the recent Hyderabad geologist training?
31	Has a GPS been purchased/contracted for mapping?	Yes	
32	Number of villages where water infrastructure has been mapped (till date)	10	
I Institution Building			
33	Number of monthly review meetings held at the project level (till date)	28	
34	Date of the last monthly review meeting held	10/15/2013	
35	Number of participants in the last Monthly Review Meeting	5	
36	Number of meetings held jointly by the Department and SO so far in the Project	35	
37	Number of meetings of the District Core group in the past reporting period	2	Only 2 meetings. Why?
38	Number of meetings of the Block Level Core group in the past reporting period	6	
39	Number of meetings held with GP leaders in the past reporting period	112	
J Village Water Security Plan (VWSP) Preparation			
40	Has the sample VWSP submitted to the Ministry?	Yes	Not submitted in the prescribed template. Once the State submits the same in prescribed template, MoDWS will review it
41	For how many Villages/GP the VWSP has been prepared?	1	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	Yes	
43	Whether the VWSP has been approved by the Ministry?	No	

44	What is the timeline for implementation of the measures suggested in the VWSP?	2 Years from allocation of funds	
K Financial Performance			
45	Expenditure till date on project implementation from sustainability funds of NRDWP	0	No expenditure in sustainability funds. Why?
46	Amount Paid to SO till date as their fee against Contract value	2563373	Only 25.63 lakh against 54.32 Lakhs
L Others			
47	Describe the main problems faced in the work of Pilot Project in your Block		

People participation in the various activities under national drinking water security pilot project, desires the immediate and quick response of the work which is being done by them.

NRDWSPP Status Report as on 30-10-2013

State	Gujarat	To be reviewed	
District	Mehsana		
Name of the Pilot Block	Kheralu		
A Block level data			
1	Number of GPs in the Block	46	
2	Number of villages in the Block	52	
3	Have the hydrological units been identified?	Y	
4	How many Hygrological Units are there in the Block?	11	
5	Number of GPs in the first Hydrological Unit selected for implementation	-	
6	Number of villages in the first Hydrological Unit selected for implementation	All	
7	Name of GPs chosen for first phase implementation	19	
8	Number of villages in the GPs chosen for first phase implementation	-	
B Baseline Survey			
9	Number of GPs where the baseline data collection is completed (till date)	46	
C Capacity Building			
10	Have you trained all your SO team members on different aspects of the project?	Y	
11	Number of exposure visits for water budget training (till date)	5	Only one done. Why? What is the follow up planned?
12	Number of exposure visits for Improved Service delivery of water supply systems(till date)	1	Only one done. Why? What is the follow up planned?
D Village Level Water Budgeting			
13	Number of villages where water budgetting training has been completed (Till date)	29	Out of 56 villages, only 21 is done. Why? What is the follow up planned
14	Number of villages where Rain Gauges have been installed (Till date)	11	Out of 56 villages, only 11 rain gauges procured. Why and what is the follow up
15	Number of villages where procurement of water level recorders have been completed (Till date)	3	3 out of 52 villages. What is the follow up plan
16	Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	4/1	
17	Describe the measures that have been initiated as a result of water budget estimation?		

	1. Removal of leakages in water supply system, 2. Putting of Taps on household connections, 3. adoption of Modern irrigation practices (Drip), 4. Recharge activity, 5. change in crops, 6. Review of all existing water supply infrastructure, 7. Data validation process initiated by taking GPS of all sources/ tube wells etc. 8. Triggering events for sanitation 9. Exposure visits for sanitation, 10 Block level workshops.		
E	Sanitation		
18	No. of NGP GPs in the Pilot Block	8	
19	Have you undertaken any sanitation work in the GPs (NBA)	yes	
20	If yes, give details	450 toilets	
21	No. of Motivators (Swatchatha Doot) trained	40	
22	Number of triggering events done at village level (Till date)	24	
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	3	Nil progress. Why?
F	VWSCs		
24	Number of villages where VWSC has been established (Till date)	52	
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	48	
26	Number of VWSC members trained in water budget estimation (Till date)	48	Only 18 done. Achievement is poor...

State		Andhra Pradesh			To be reviewed
District		Anantpur	Nalgonda	Chittoor	
Name of the Pilot Block		Gorantala	Moothey	Pileru	
A Block level data					
1	Number of GPs in the Block	16	18	15	
2	Number of villages in the Block	112	45	228	
3	Have the hydrological units been identified?	Yes	Y	YES	
4	How many Hydrological Units are there in the Block?	11	7	8	
5	Number of GPs in the first Hydrological Unit selected for implementation	1	5	3	In Anantapur only 1 GP is selected where as in others it is more
6	Number of villages in the first Hydrological Unit selected for implementation	7	9	3GPs/34 Villages	
7	Name of GPs chosen for first phase implementation	1	Namavaram, Raghavapuram, Hussainabad, Moothy, Burkacherla	2	Names of GPs in Anantpur and Chittoor
8	Number of villages in the GPs chosen for first phase implementation	11	9	26	
B Baseline Survey					
9	Number of GPs where the baseline data collection is completed (till date)	14	8	15	In Gorantala Block, out of 16 GPs only 14 is done and in Moothy out of 18 GPs only 8 has been completed
C Capacity Building					
10	Have you trained all your SO team members on different aspects of the project?	No	Y	YES	Why SO team is not trained in Gorantala?
11	Number of exposure visits for water budget training (till date)	2	3	10	How many visits are planned for future and when?
12	Number of exposure visits for Improved Service delivery of water supply systems (till date)	1	0	2	In Moothy Block No exposure visits are done why? When? In Pileru block only 2 visits.
D Village Level Water Budgeting					
13	Number of villages where water budgeting training has been completed (Till date)	7	8	5 GPs	Only 8 out of 9 in Moothy and 12 Out of 34 in Pileru Why?

14	Number of villages where Rain Gauges have been installed (Till date)	nil	3 in progress	8	Why Nil and slow progress?
15	Number of villages where procurement of water level recorders have been completed (Till date)	11	18	8	Out of 34 only 5 recorders in Pileru. Why? Follow up?
16	Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	No	2	5	In Korantala why no action is initiated
17	Describe the measures that have been initiated as a result of water budget estimation?				
	<p>Korantala - Details Not given.</p> <p>Moothey - Water security plan has been presented to Mandal level core team and Dist. Level core team and the line departments have formally agreed to include the proposals in the shelf of their departmental schemes in the next financial year 2014-15. Pileru - Water Measuring calculations has initiated, minimising the Crop water demand, Yield calculations has initiated, Changing the crop pattern has initiated, Importance of Water and crisis of the Water has been known.</p>				
E Sanitation					
18	No. of NGP GPs in the Pilot Block	5	3	5	
19	Have you undertaken any sanitation work in the GPs (NBA)	5	0	2	No action taken in Moothey.
20	If yes, give details	details	0	surveying of Toilets & Drainage lines, Sanitation	In Korantala no details given and In Moothey, block no action taken
21	No. of Motivators (Swatchatha Doot) trained	no	0	90	In Korantala and Moothey no trainings
22	Number of triggering events done at village level (Till date)	1	0	12	In Moothey no action done. Why?
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	Progress	0	Processing	In Moothey no action taken. Why? And progress in other two blocks is low
F VWSCs					
24	Number of villages where VWSC has been established (Till date)	12	18	15	
25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	28	36	559	
26	Number of VWSC members trained in water budget estimation (Till date)	7	240	182	In Korantala no of members trained is very low. Why?

G Water Quality Monitoring					
27	Has a system been established for the collection of data for water quality monitoring?	Yes	Y	Yes	Whether FTKs are being utilized?
28	Number of samples taken and tested (till date)	10 GPs	246	676	
29	Number of villages where samples were taken (Till date)	91	45	228	
H Mapping					
30	Has the SO attended HGM mapping training?	Yes	Y	YES	
31	Has a GPS been purchased/contracted for mapping?	yes	N	YES	
32	Number of villages where water infrastructure has been mapped (till date)	7 nos	8	5GPs/64	
I Institution Building					
33	Number of monthly review meetings held at the project level (till date)	Number	12	18	In Korantala details not furnished.
34	Date of the last monthly review meeting held	03.09.2013	23-10-2013	06.03.2014	
35	Number of participants in the last Monthly Review Meeting	3	17	15	
36	Number of meetings held jointly by the Department and SO so far in the Project	11	9	14	
37	Number of meetings of the District Core group in the past reporting period	2	4	7	
38	Number of meetings of the Block Level Core group in the past reporting period	8	6	14	
39	Number of meetings held with GP leaders in the past reporting period	0	12	27	
J Village Water Security Plan (VWSP) Preparation					
40	Has the sample VWSP submitted to the Ministry?	1	Y	Yes	
41	For how many Villages/GP the VWSP has been prepared?	1 no	2	5	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	Number	y	Yes	In Korantala details not given.
43	Whether the VWSP has been approved by the Ministry?	Number	0	Submitted and they asked the few clarifications on approval	State hasnot submitted the VWSP through the State Department for approval
44	What is the timeline for implementation of the measures suggested in the VWSP?	Number	April,2014	3years	What is the timeline for Korantala?

K Financial Performance					
45	Expenditure till date on project implementation from sustainability funds of NRDWP	0	9.56 lakhs	11.89 lakhs	In Korantala no expenditure is booked. Why?
46	Amount Paid to SO till date as their fee against Contract value	498000	5.4 Lakhs	7.05 lakhs	Why financial expenditure against the contract value is poor in all three blocks
L Others					
46	Describe the main problems faced in the work of Pilot Project in your Block				
<p>Korantala - Details Not Provided</p> <p>Moothey - The main problem in the project is the trained persons in the Support Organisation Team are not continuing their services in the project and due to frequent changing of the staff by the S.O with people without enough experience they could not able to render the required services to achieve the participatory concept in the villages.</p> <p>Open Defecation practice is the main problem, Water distribution system is not enough and unique, Political influences are there. The provided time period is not enough it has to increase</p> <p style="text-align: right;">Pileru -</p>

12	Number of exposure visits for Improved Service delivery of water supply systems (till date)	0	0	No exposure visits done. Why?

D Village Level Water Budgeting				
13	Number of villages where water budgeting training has been completed (Till date)	55	44	
14	Number of villages where Rain Gauges have been installed (Till date)	24 (17/04/014)	3	Rain gauges not installed as per the IMD guidelines
15	Number of villages where procurement of water level recorders have been completed (Till date)	55	56	Procurement completed, usage not initiated. Why?
16	Number of villages where action has been initiated/completed as a result of Water Budget Estimation (Till date)	88	15	Describe the action initiated Crop alteration was done 1 year back)
17	Describe the measures that have been initiated as a result of water budget estimation			
	1. In Siaori village 7 farmers started using Sprinkler for irrigation, in this Rabi season they uses Sprinkler for irrigation. 2. In Kotra youth /Volunteers started a Home Visit campaign to aware villagers, youths regularly visiting households & spreading messages about Water conservation. 3. In Berwai during the formation of VWSP, the Villagers actively involve and suggest feasible sites as per their traditional experience.			
E Sanitation				
18	No. of NGP GPs in the Pilot Block	0	56	
19	Have you undertaken any sanitation work in the GPs (NBA)	y	3	
20	If yes, give details	organized sanitation program "training for swachhta doot with the member of vwsc of five samagra GPs of mauranipur, the event was supported by Unicef.	3 (1) Kua kheda (2) Islampur (3) Rajrai	
21	No. of Motivators (Swatchatha Doot) trained	30	Send the demand for budget	Why no one is trained?
22	Number of triggering events done at village level (Till date)	4	6	
23	Number of villages that have achieved ODF after Pilot project intervention (Till date)	0	3	This figure needs to be re-enquired
F VWSCs				
24	Number of villages where VWSC has been established (Till date)	55	56	

25	Number of VWSC leaders trained by the Project (total number of leaders trained in the whole Block (till date)	175	355	
26	Number of VWSC members trained in water budget estimation (Till date)	308	528	
G Water Quality Monitoring				
27	Has a system been established for the collection of data for water quality monitoring?	y	yes	
28	Number of samples taken and tested (till date)	850	2361	
29	Number of villages where samples were taken (Till date)	44	56	
H Mapping				
30	Has the SO attended HGM mapping training?	y	yes	
31	Has a GPS been purchased/contracted for mapping?	y	yes	Why GPS not purchased?
32	Number of villages where water infrastructure has been mapped (till date)	15	0	Why mapping not done?
I Institution Building				
33	Number of monthly review meetings held at the project level (till date)	9	10	
34	Date of the last monthly review meeting held	04/02/014	21/3/2014	
35	Number of participants in the last Monthly Review Meeting	80	7	
36	Number of meetings held jointly by the Department and SO so far in the Project	11	9	
37	Number of meetings of the District Core group in the past reporting period	6	9	
38	Number of meetings of the Block Level Core group in the past reporting period	6	9	
39	Number of meetings held with GP leaders in the past reporting period	80	375	
J Village Water Security Plan (VWSP) Preparation				
40	Has the sample VWSP submitted to the Ministry?	1	15	
41	For how many Villages/GP the VWSP has been prepared?	15 (March' 14)	15	
42	Whether the VWSP has been prepared as per the Model VWSP submitted for reference?	y	0	Not submitted in the prescribed template.
43	Whether the VWSP has been approved by the Ministry?	N	0	-

44	What is the timeline for implementation of the measures suggested in the VWSP?	Number	15	
K Financial Performance				
45	Expenditure till date on project implementation from sustainability funds of NRDWP	3507902 (SO Payment-1410000 , Exposure Visit - 291022, WBE Training-1381250, Measuring Instrument - 425630)		
46	Amount Paid to SO till date as their fee against Contract value	1410000		14.1lakh against 35.07 Lakhs
L Others				
47	Describe the main problems faced in the work of Pilot Project in your Block			
1. Convergence at the State Level especially with Panchayati Raj department is urgently required as there is not satisfactory progress in this component. 2. State level review & meetings helps in identifying corrective majors & immediate decisions have been taken at State level.
