Subject: Launch of PM 67A and PM 67B module for Retrofitting to Twin Pit Campaign – reg.

Madam/Sir,

In continuation of Department's letter No.S-18011/25/2022-SBM-V-DDWS dated 30th September, 2022 regarding launch of *Retrofit to Twin Pit Campaign*, the States and UTs are required to take necessary actions in the Preparatory Phase (2nd October, 2022 to 18th November, 2022) in the run to Campaign from 19th November, 2022 till 26th January, 2023.

2. In this regard PM 67A & PM67 B Modules have now been made available on IMIS in State and District users' login for updating the baseline data for the Campaign. In accordance to the same, it may be ensured at the States/UTs' end that the accurate baseline reporting is updated on the instant Modules by 18th November, 2022. This is required on Top Priority as the data updated by the State/UT through the above said forms, shall form the basis for determining the targets against which the progress under the Campaign shall be bench-marked. Further, the performance of States/UTs in the Campaign, would be assessed based on the progress of number of toilets/ septic tanks retrofitted from 2nd October 2022 till 26th January, 2023. The details of the system for reporting of progress shall be shared in due course.

3. In order to enhance community participation and transparency, GP resolution passed for declaration is also required to be uploaded mandatorily on the IMIS. This will also help in enhancing awareness and participation from community for the activities to be undertaken in the villages.

4. The details regarding the Module and its data entry, operation and related issues would be discussed with the States/UTs via an orientation-cum-training through VC being scheduled on 4th November 2022 at 11:30 AM by NIC.

5. States/UTs are requested to update the baseline data on IMIS by 18th November, 2022 and actively participate in the Campaign where the best performing States/UTs would be considered for awards during the SSG 2023 event.

Yours sincerely,

(Vikas Sheel)
