New Delhi-110003

Date: 10April, 2020

To,
The Principal Secretary / Secretaries
In-charge of Rural Drinking Water Supply
All States and UTs

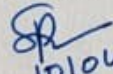

Subject : IMIS issues regarding data up-dation and verification

Sir/Madam,

This is to draw your kind attention towards the data up-dation on IMIS and verification of beneficiary related to household coverage. It has come to the notice of this Department that some areas where drinking water supply is being provided under erstwhile NRDWP has been urbanised since last census and therefore does not come under rural areas. Therefore, Rural habitations of erstwhile NRDWP, which have been urbanized since the last census may be deleted using the option of DIRECTORY UPDATION of JJM-IMIS.

2. It is also to mention that baseline data related to household coverage i.e. before 1.4.2019, it was allowed to use any document to verify the connection. Aadhar has been made compulsory for new connections to be provided henceforth with the approval of JJM. Therefore, any document is allowed for verification and tagging of beneficiary with earlier data related to household coverage. Aadhar verification is not necessary for base line data.

Yours sincerely,

10/04/2020

(Pradeep Singh)

Director
