9th August, 2010

Dear

Government of India under TSC provides assistance for sanitation facilities in all Anganwadis as per project objectives and requirement of projects by Districts/States. As per Online Monitoring of physical progress report of DDWS, it is reported that out of the total project objectives of 464914 Anganwadis, 3,42,348 Anganwadis have been covered with toilet facilities. (As per <http://ddws.gov.in/crspnet/Report/Physical/RptStateWise>Selective.aspx> as on 9/08/2010)

The issue was discussed in the State Secretaries review meeting held on 22nd July, 2010. It emerged during the discussions that some of the States have not been able to achieve the project objectives on account of the fact that many Anganwadis included in the TSC objectives are actually in private buildings. Information regarding Anganwadis located in private buildings should be compiled at the earliest and information provided to this office by 31.8.2010.

Soliciting your cooperation and early action in this regard

With regards,

Yours sincerely

[J.S.MATHUR]

All State Secretaries incharge of Sanitation
