### Construction of 2200 Individual Toilets under the Tsunami Rehabilitation Programme

#### **Funded by Caritas & CRS**

The construction of 2200 Individual Toilets in the Tsunami affected areas was launched during September 2006. The Individual Toilet programme is linked with the Government – Total Sanitation Programme. The VDC's have already selected the deserving candidates and submitted the list to MSSS. The selected families have also paid their local contribution of Rs. 500/- each to their VDC Account.

After the finalization of the list, the members were given orientation training by the Block Development Officer. The BDO explained the various toilet models promoted by the Government and advised a specific model suited for the Pazaverkadu area. The members accepted the model and the VDC took charge of constructing the toilets. And following is the financial break up of the toilets.

S.No.	Particulars	Amount
1.	Cash Contribution by the Beneficiary Family	500.00
2.	Subsidy by the Government through DRDA	1200.00
3.	Caritas Contribution	2000.00
	<b>TOTAL</b>	<b>3700.00</b>

With the co-operation of the BDO Office and the Panchayat the Construction of 2200 Individual Toilets is being implemented under this project. The project fund has been transferred to the respective VDC Accounts and the same is being monitored by the SHGs and staff. The subsidy of District Rural Development Agency, Tiruvallur towards the individual toilets is being availed and the construction work is nearing completion.

The following is the list of the villages where the construction of 2200 individual toilets is being implemented.

## SANITATION – FOLLOW UP

The construction of 2200 toilets (including bathroom facility) is constructed in the selected villages of our target area in Tiruvallur District of TamilNadu. This programmed has made the bottom poor to realize its importance and also the beneficiaries started to use them. The neighbouring villages, seeing the changes in the villages where the toilets were constructed, have also realized its importance and many village representatives have approached us through the Panchayat Level Federation and Union Level Federation to extend such facilities for their villages also.
