Subject: Uploading data on M&E Formats

This is in respect of clarification sought by SPMU, Bihar email date 5th May, 2015 in respect of filling up data on M&E Application.

2. It is hereby clarified that an organization (Mobilepedia) engaged by World Bank has developed an application for capturing various details / base line data of the area under NNP. This application has micro level information which will be highly useful for evaluation / monitoring of the Project. It is learnt that States are surveying / uploading the data which is on their server.
3. As there is a need of comprehensive report in respect of various works, physical & financial progress / status, application for the same has been developed in IMIS portal of MDWS. User ID and password had been already intimated to all the States and they had been asked to make entry/update on the website.
4. The information desired in both the above said platforms are complementary / supplementary in nature. Moreover, entry of details in IMIS is mandatory as it is in public domain and information under this is used for various purposes and by many Ministries.

As such the States are hereby requested to please enter / update the detail timely and regularly in IMIS of MDWS as well for proper review and monitoring by the Ministry. This is mandatory as this will enable MDWS to finalize IUFR, claim re-imburement from World Bank and also disbursement of funds to the States.
